

# BANKERS INSTITUTE OF THE PHILIPPINES

## M E S S A G E

Our theme “*BAIPHIL beyond 70: Taking Stock, Harnessing Strengths, Forging Ahead*” encapsulates our high level strategic plan for the fiscal year 2011-2012.

We look back to learn from the past experiences; our accomplishments; our ongoing projects; available resources; and beneficial partnerships to establish a starting point for our future endeavors.

We will continue to identify and make use of our individual and collective strengths, the brain power, and financial forces of our members and partners, and to channel these resources toward the achievement of our mission to support the banking industry in enhancing productivity and keeping abreast with relevant developments through continuing education, research and informative exchange.

We will move forward steadfastly and with determination to the attainment of our vision of being the leading organization in the pursuit of banking excellence, become one of the bests in the Asia Pacific Region.

Our focus is to further enhance and promote the value proposition of our organization, BAIIPHIL, to our member banks, regulators, and to the banking industry as a whole, as their premier training, education and research partner.

To this end, and on behalf of the new set of Officers, Directors and Committee Chairpersons, powered by the unwavering support of our members and partners, I vouch for an invigorated organization driven by passion for excellence, and inspired by the spirit of camaraderie, optimism and hope. Together we will step forward to accept the responsibility of leadership through service, under the guidance of our almighty God.
